and that there is a strong likelihood that there will be a majority of members of the body come next year, if nothing is done, that will be ready to look more seriously at maybe some of Senator Beutler's more strenuous approaches that he has used in the past. With that, I would simply ask that this bill be advanced on to Final Reading, to E & R engrossing and with the promise that the Legislature is, in fact, going to dig in on this issue next year and I don't think you will see the well-intended intentions of those of us talking about this so easily brushed aside in the future as they may have been this year.

SENATOR HALL: Thank you, Senator Withem. Senator Maurstad.

SENATOR MAURSTAD: Mr. President, I would move to advance LB 189 to E & R for engrossment.

SENATOR HALL: You've heard the motion. All in favor say aye. Opposed. The bill is advanced. The A bill, Mr. Clerk. Senator Crosby, LB 189A is your bill.

SENATOR CROSBY: Senator Hall, thank you. I would like to ask to have that passed over at this time.

SENATOR HALL: It is passed over. Items for the record, Mr. Clerk.

CLERK: Mr. President, Senator Wesely, Schrock and Day amendments to LB 563. Study resolutions, LR 151-159, all will be referred to the Executive Board. (See pages 2210-15 of the Legislative Journal.)

Mr. President, on LB 871, Senator Maurstad, E & R amendments have been adopted, Senator. Senator Beutler, you had made a motion to indefinitely postpone the bill. That had laid the bill over. That motion is pending.

SENATOR HALL: Senator Beutler, on the kill motion.

SENATOR BEUTLER: Senator Hall, that was a holding motion. I withdraw it.

SENATOR HALL: It is withdrawn. The next item on the bill, Mr. Clerk.
